

Frank E. Fuller, FCSI

“For your dedication to make a difference through leadership development with an enduring energy that inspires others to follow and serve; for your continuing commitment to financial stability and accountability at all levels of our organization; and for your wholehearted support of CSI's new form of governance as you foster understanding and acceptance of the changes throughout the Chapters of South Central Region, you are advanced to Fellowship in the Institute on this 14th day of September 2017.”
Providence, Rhode Island

FRANK FULLER is one of the few Dallas natives and a proud Texan. After spending many years in restaurant management Frank plunged headlong into residential and commercial construction products in 1980. In 1994 Frank became an Architectural Representative in the DFW market. In 1995 he was told if he wanted to succeed as a rep, he needed to join CSI. Thus his 22 years of service in CSI began.

Starting as the Product Show Chair for the Dallas Chapter, eventually Frank worked his way up to becoming the Dallas Chapter President for two consecutive years. During his tenure he rebuilt the Board and stabilized the finances of the Chapter, mentoring many future leaders along the way.

Eventually, Frank felt the desire to become involved with the South Central Region. After serving a couple of years as the Membership Committee chair, he felt he was being called to serve as an Institute Director for the South Central Region.

Serving as co-director for the South Central Region was a great experience that continued to develop Frank as a leader and gave him the opportunity to develop future leaders for the region.

Frank's service to the chapter and region did not stop there. He went on to serve as treasurer for the Dallas Chapter for several years, chapter secretary, and eventually as the director over membership. For the region, Frank served as treasurer, and when governance was changed Frank went on to serve as the region president.

Frank also served on two Institute nomination committees. Over his 22 years of CSI membership, Frank Fuller has consistently been an advocate and spokesman for the principals of CSI from both within and outside the organization.

Frank continues to serve where there is a need.
