

Sherry K. Harbaugh, FCSI

“For your outstanding contributions in service to the Institute in the re-writing of the Construction Product Representative (CPR) Module to the Manual of Practice; for your contributions to the development and implementation of the Certified Construction Product Representative (CCPR) Certification; for your mentorship of the Sacramento and Spokane Chapters; and for your efforts in providing one-on-one coaching for CDT exam preparation, you are advanced to Fellowship in the Institute on the 8th day September 2016.”
Austin, Texas

SHERRY HARBAUGH joined CSI Sacramento the year following her graduation from Montana State University from the school of Architecture. Immediately involved as membership chair after her second meeting, she credits her leadership skills and steady advancement of her professional career to her sustained engagement in CSI.

Sherry's passion for an educated construction industry is easily traced from her roots in Sacramento as the Supplier Show chair through her countless hours of service to CDT candidates while serving on the Institute Certification

Committee, at the chapter level teaching CDT classes and curriculum, and mentoring CSI members. She is the face of CSI in Spokane, respected as a region leader for her involvement in several region conferences and her innovative engagement of product representatives and attendees at product shows.

During her tenure on the Institute Board Sherry was an advocate for and played an active role in the formation of policy, finances, and the Executive Director Performance Evaluation Committee.
